Bastian Noel

Web development and graphic design

BUT MMI student after a year at engineering school. I design a project's structure, then give it form.

EDUCATION

Bachelor's in Multimedia and Internet (BUT MMI), IUT de Vélizy (Paris-Saclay) — 2025 – 2028

- **Top of my year**, class representative and student tutor.
- Web development, databases, user experience.

First year of the integrated engineering preparatory cycle, Compiègne University of Technology (UTC) — 2024 – 2025

- **Upper-level** computer science courses taken from the first year: algorithms and complexity, databases, data structures in C.
- Mathematics and physics.

French baccalaureate, highest honours, High school in Vernon — 2024

- Specialities in **computer science**, mathematics and physics.
- **Arts option**, alongside the mathematics and computer science specialities.

PROJECTS

Custom Directe — Since 2022

`JavaScript · HTML · CSS · Extension Chromium · Vite`

- Created and maintained since 2022 a browser extension used by about 10,000 people.
- Designed an object-oriented, modular JavaScript architecture with no dependencies.

AE2V identity — Since 2026

`Illustrator · Photoshop`

- Reworked the student union's logo and built its brand guidelines, with variants, colours and typefaces.
- Rolled the identity out to posters, social media posts and department emblems.

ALWIS — Since 2026

`JavaScript · PHP · MariaDB · WebAssembly · Docker · GitHub Actions`

- Runs PHP 8.4 and MariaDB in the browser by compiling them to WebAssembly.
- Wrote in C a **bridge between PHP and MariaDB** and their communication, to keep memory under control.

Garde la main — 2026

`Next.js · TypeScript · Prisma · PostgreSQL · Illustrator · After Effects`

- Composited mascots into live footage with motion tracking, for a 41-second ad.

EXPERIENCE

Composya, visual and web design — 2021 – 2025

- Built, hosted and maintained the company's **first website**, on WordPress.
- **Called back** for new assignments **over four years**.

FlipDream, graphic design — 2022 – 2023

- Created an **11-page** brand guideline from the existing logo.
- Designed event posters and posts, for print and social media.

Mega, design assistant — June 2021

- Retouched photos and produced internal communication visuals, alongside the **art director**.
